ABOUT THE SUNSTONE

Everything's just where you need it in this charming ranch-style floor plan. As you enter, you'll find an elegant study just off the entryway. Beyond the entry, an inviting kitchen with a built-in pantry and generous eat-in island flows into a charming breakfast nook—and beyond that, the great room. From the great room, you'll enjoy stylish sliding glass doors that provide access to a relaxing covered patio. This floor plan also includes four bedrooms, with an optional fifth bedroom in lieu of the study. Conversely, select bedrooms are available as a teen room. Completing the floor plan, a beautiful owner's suite boasts two walk-in closets—one of which can be converted into a tech center—and a private bath with double sinks. Optional 3-car garage is available.
