ABOUT THE PAIGE

The spacious Paige plan offers ample room for rest, play and work. At the heart of the home, an open layout showcases a dining area, an airy great room and an impressive kitchen that can be personalized with deluxe or gourmet features. An adjacent owner's suite boasts a walk-in closet and a luxurious private bath with optional deluxe features or a walk-in shower. You'll find two additional bedrooms at the front of the home, as well as a study that can be optioned as a fourth bedroom. A 2-car garage with a third tandem parking space is also included. Additional options: a fifth bedroom and fourth bath in lieu of the third garage bay, a formal dining room in place of the study and two covered patio layouts.

\*This information is presented for educational purposes only. The HERS® index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

\*\*Standard new home is based on the RESNET® Reference Home definition with a HERS index of 100 (based on the 2006 International Energy Conservation Code).

\*\*\*Typical resale home is based on the U.S. Department of Energy definition with a HERS index of 130.

^RESNET has developed the HERS index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

**What's a HERS® index?** HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency. ^  
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
