

THE ZINC

Approx. 2,110 sq. ft. | 4 to 5 bed | 2.5 to 3.5 bath | 2-car + RV garage | Plan #P956

ELEVATION C

ABOUT THE ZINC

The Zinc plan offers two stories of thoughtful living space. A covered porch welcomes guests into an inviting entryway that flows past a powder room and closet into an impressive kitchen with a center island and a generous pantry. Enjoy mealtime in a spacious nook, which leads into an expansive great room and a charming covered patio. The main floor also boasts a convenient laundry room and a mudroom. Upstairs, you'll find four bedrooms, including a lavish owner's suite with a walk-in closet and a private bathroom. A fifth bedroom can be added to this level in lieu of a loft and an extra bathroom can replace a walk-in closet in the third bedroom. In addition to a storage area and single-car garage, this plan includes an attached RV garage.

*This information is presented for educational purposes only. The HERS® index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

**Standard new home is based on the RESNET® Reference Home definition with a HERS index of 100 (based on the 2006 International Energy Conservation Code).

***Typical resale home is based on the U.S. Department of Energy definition with a HERS index of 130.

^RESNET has developed the HERS index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

Floor plans and renderings are conceptual drawings and may vary from actual plans and homes as built. Options and features may not be available on all homes and are subject to change without notice. Actual homes may vary from photos and/or drawings which show upgraded landscaping and may not represent the lowest-priced homes in the community. Features may include optional upgrades and may not be available on all homes. How does this floor plan rate?
Take a look: **100** = standard new home™ **130** = typical resale home™
The lower the number, the better! Refer to the RESNET® HERS index brochure or go to RESNET.us and HERSindex.com

What's a HERS® index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
