ABOUT THE EMERALD

The Emerald floor plan shines as brightly as its namesake. A covered entry greets guests, and leads past two bedrooms and a bath. Across the foyer, you'll find a study that can be optioned as a fifth bedroom. An airy, open layout showcases the kitchen, the dining room and the great room, which has access to the covered patio via the center-meet door. The impressive owner's suite is adjacent, and includes a walk-in closet and an attached bath. Want a little more space to kick back? You can opt for a private study in lieu of the third bedroom! This plan also offers the option of a multi-generational living suite, featuring a separate entry at the living room and a private bed and bath.
