ABOUT THE HEMINGWAY

The two-story Hemingway plan is equal parts elegant and versatile. A charming covered porch welcomes you into the home, and inside you'll find a convenient flex room off the entry. The heart of the home offers an expansive great room and a beautiful kitchen with a generous island and walk-in pantry. Upstairs, discover a large loft, three secondary bedrooms and an eye-catching primary suite showcasing a walk-in closet and private bath. A powder room, central laundry and secondary bathroom round out this home. The Hemingway may also be built with a gourmet kitchen, a sunroom, a bedroom in lieu of the loft, an extra bath, a deluxe primary bath and/or a covered patio. Designer-selected finishes are included!
