ABOUT THE DARIUS

The desirable Darius plan provides a sophisticated and accommodating ranch-style layout. At the heart of the home, discover an immense great room and a professional lite kitchen, which offers an island, a walk-in pantry, and an adjacent dining nook. You'll also love the eye-catching primary suite, complete with a roomy walk-in closet and a deluxe bath with double sinks, a walk-in shower, and a separate tub. For multi-generational households, the home boasts a secondary suite showcasing a living room, a bedroom, a full bath, and a private exterior entry. Two additional bedrooms share a bath. Central laundry and powder rooms, a quiet study, and a covered patio with multi-slide doors complete this floor plan.

*This information is presented for educational purposes only. The HERS® index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

**Standard new home is based on the RESNET® Reference Home definition with a HERS index of 100 (based on the 2006 International Energy Conservation Code).

***Typical resale home is based on the U.S. Department of Energy definition with a HERS index of 130.

^RESNET has developed the HERS index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

What’s a HERS® index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
