ABOUT THE CELESTE

The inspired Celeste plan boasts an optimized ranch-style layout with exciting personalization options. Its gourmet kitchen flows seamlessly into an expansive great room and open dining area, which backs to a serene covered patio. The adjacent primary suite showcases a generous walk-in closet and an attached bath with double sinks and optional deluxe features. A private study, a laundry, a powder room, two bedrooms, and a shared bath complete this plan. An additional bedroom can be added in lieu of a storage area, and the powder room can be optioned as a third full bath.

What's a HERS® index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
