You’ll find plenty to love about the versatile Raleigh plan. Off the entryway, there’s a spacious study that can be optioned as a dining room, an extra bedroom or even a guest suite with a full bath and walk-in closet. The center of the home boasts a large kitchen with a convenient center island and walk-in pantry. The kitchen flows into an open-concept dining room and great room, which offers direct access to an inviting covered patio. From the great room, you can also make your way to two secondary bedrooms, as well as the master suite with a private bath and walk-in closet. Optional: an additional bedroom, a gourmet kitchen and a deluxe master bath.
What's a HERS® Index?

HERS stands for Home Energy Rating System, a system created by RESNET®. A Projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.

Take a look:

- 100 = Standard new home
- +130 = Typical resale Home

The lower number, the better! Refer to the RESNET® HERS index brochure or go to www.RESNET.us and www.HERSIndex.com.

This Plan's Projected HERS® Index = 62*
