## THE CROSSINGS AT BARTRAM PEARL

**APPROX. SQUARE FEET: 2,350 STORIES: 2** BEDROOMS: 4 - 5 **GARAGE: 2-car PLAN NUMBER: J913** 

The Pearl plan offers two stories of thoughtful living space. A spacious kitchen provides a panoramic view of the main floor—overlooking an elegant dining room and a large great room. You'll also enjoy a convenient powder room and private study located by the entryway. Upstairs, an open loft features access to a laundry room and three bedrooms, including a lavish master suite with a roomy walk-in closet and attached bath. Options include bedrooms in lieu of the loft and study.

What's a HERS® Index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency. A Projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.

How does this floor plan rate?

go to www.RESNET.us for details.

Take a look: **100** = Standard new home<sup>+</sup> **130** = Typical resale home<sup>++</sup>

The lower the number, the better! Refer to the RESNET® HERS index brochure or

Projected Rating Based on Plans – Field Confirmation Required

THIS PLAN'S PROJECTED

HERS® INDEX = 0

<sup>\*</sup>This information is presented for education purposes only. The HERS index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

<sup>+</sup>Standard new home is based on the RESNET® Reference Home definition with a HERS® index of 100 (based on the 2006 International Energy Conservation Code).

 $<sup>++</sup> Typical\ resale\ home\ is\ based\ on\ the\ U.S.\ Department\ of\ Energy\ definition\ with\ a\ HERS @\ index\ of\ 130.$
