ABOUT THE ROBERT

An impressive courtyard invites guests into the eye-catching Robert plan. Off the entry, you'll find a quiet study and a formal dining room, which connects to a professional lite kitchen through a roomy butler's pantry. The kitchen boasts a large island and walk-in pantry and overlooks a spacious great room and nook. This home also offers three secondary bedrooms and a luxurious primary suite, which showcases dual walk-in closets, a sitting area, and a private bath with double sinks and a shower room with built-in tub. A convenient laundry, a powder room, and a tranquil covered patio are also included. The Robert may be built with either a game room or a guest suite, as well a second primary suite in lieu of two of the bedrooms. Additional options include a primary spa bath with free-standing tub, a full professional kitchen, and a dramatic great room fireplace.
