ABOUT THE LAUREL

The notable Laurel plan boasts two stories of smartly designed living space. In addition to an open-concept layout that includes a great room, a dining area, and an inviting kitchen with a generous island and walk-in pantry, the main floor offers a powder room and a patio that can be covered. A luxurious primary suite showcasing an immense walk-in closet and an attached bath with optional double sinks can be found upstairs, as can a laundry and two secondary bedrooms with a shared bath. This level can be built with either a loft or an additional bedroom.
