ABOUT THE HIBISCUS

A dramatic two-story entry welcomes you to the must-see Hibiscus plan. At the heart of the home, a spacious great room and dining room offer the perfect layout for entertaining. The adjacent kitchen features a sizable island and built-in pantry. On the second floor, you'll appreciate a loft, a shared hall bath, and four inviting bedrooms, including an expansive primary suite boasting a walk-in closet and a private bath with double sinks. Convenient laundry and powder rooms complete this home. Add your personal touch to the Hibiscus with gourmet kitchen features, an extended loft in lieu of one of the bedrooms, a deluxe bath and/or a balcony at the primary suite, and/or a covered patio.

*This information is presented for educational purposes only. The HERS® index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

**Standard new home is based on the RESNET® Reference Home definition with a HERS index of 100 (based on the 2006 International Energy Conservation Code).

***Typical resale home is based on the U.S. Department of Energy definition with a HERS index of 130.

^RESNET has developed the HERS index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

What's a HERS® index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
