ABOUT THE HOPEWELL

With two stories of thoughtfully crafted living space, the Hopewell plan is ready to keep pace with your evolving life. An open main-floor layout connects the kitchen, dining, and great room for everyday routines, while an optional covered patio can extend your entertaining space. You'll also find a private study tucked off the entry, which can be swapped for an extra bedroom if that better suits your needs! Upstairs, generous bedrooms and an airy loft create the perfect haven to escape to after a long, busy day. Further personalization options, from gourmet kitchen features to a finished basement, allow you to tailor this home exactly to your family's lifestyle.
