ABOUT THE ARLINGTON

There's room for everyone to come together here—and room to spread out when needed. The Arlington floor plan balances connection and flexibility with an open layout centered around an elegant kitchen overlooking a great room. An optional covered patio can extend your entertaining space, while a secluded primary suite offers a peaceful place to recharge. Personalize this home by adding a finished basement, which offers even more space for relaxing, hosting guests, and pursuing hobbies. In this impressive plan, everyday routines and special occasions can feel equally at home.
