ABOUT THE WHITMAN

The inspired Whitman plan welcomes you with a charming covered porch. As you enter, a convenient flex room is located just off the entryway. Beyond that, an inviting kitchen with a dining area and optional gourmet features flows into a generous great room with an optional fireplace. For extra space, opt for an extended great room, a covered patio or a sunroom off the kitchen. Upstairs, you'll find a versatile loft—also available as an additional bedroom—a laundry room, two bedrooms with walk-in closets and a master suite featuring a roomy walk-in closet and private bath. The master bath offers optional deluxe features, such as double sinks and a separate tub and shower. Completing the home, a basement can be finished to include a rec room and an additional bedroom with a full bath. 3-car garage optional!

*This information is presented for education purposes only. The HERS index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

+Standard new home is based on the RESNET® Reference Home definition with a HERS® index of 100 (based on the 2006 International Energy Conservation Code).

++Typical resale home is based on the U.S. Department of Energy definition with a HERS® index of 130.

^RESNET® has developed the HERS® index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

^^Square footage and plan dimensions are approximate and may show approximate total available footage with finished and unfinished footages listed separately. Unfinished areas may be available to be finished. Finished basement areas below-grade may vary in value from finished above-grade areas. Actual homes may vary from renderings, which may depict optional features, furniture layout and/or an elevation that may not be available on all homes which may change the footages and could change without notice. Drawings may not be to scale. Some structural options may not be available in combination. Ask a sales associate if you need assistance in personalizing your plan. Floor plans and renderings are conceptual drawings and may vary from actual plans and homes as built. Options and features may not be available on all homes and are subject to change without notice. Actual homes may vary from photos and/or drawings which show upgraded landscaping and may not represent the lowest-priced homes in the community. Features may include optional upgrades and may not be available on all homes. What's a HERS® Index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency. ^
 A Projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
