ABOUT THE AMMOLITE

The main floor of the inviting Ammolite plan offers a private study and versatile flex space, which can be optioned as an additional bedroom and bathroom or a guest suite, complete with living room. You’ll also appreciate a convenient powder room; a nook; a great room and a well-appointed kitchen with a center island, a large pantry and optional additional cabinets. Upstairs, discover an airy loft, a convenient laundry, three secondary bedrooms and a lavish primary suite boasting an expansive walk-in closet and a private bath. This plan also features a patio and a 2-car garage. Make it uniquely your own by adding a bedroom in lieu of the loft, extending one of the secondary bedrooms and opting for an alternate kitchen layout and a covered patio.

How does this floor plan rate?
Take a look: **100** = standard new home™ **130** = typical resale home™
The lower the number, the better! Refer to the RESNET® HERS index brochure
or go to **RESNET.us** and **HERSindex.com**

What's a HERS® index? HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
