### ABOUT THE HEMINGWAY

With extensive design options, the Hemingway is everything you're looking for in a new home. Enter through the charming covered porch and make your way into an inviting great room with optional fireplace. The open dining room flows into a large kitchen with a center island and walk-in pantry. Love the great outdoors? Add a covered patio, extended covered patio or sunroom. Master chef in training? Add gourmet kitchen features, including a double oven. Upstairs, you'll find a centrally located laundry room, hall bath and four bedrooms—including the owner's suite with walk-in closet and lavish bath. Additional options include a spa-like walk-in shower and double sinks. Plus, there is a versatile loft that can be optioned as a fifth bedroom!

\*This information is presented for educational purposes only. The HERS® index for a confirmed rating will be determined by a third-party HERS rater based on data gathered from on-site observations and, if required, testing of rated features for a home as featured, optioned, located, oriented and/or built.

\*\*Standard new home is based on the RESNET® Reference Home definition with a HERS index of 100 (based on the 2006 International Energy Conservation Code).

\*\*\*Typical resale home is based on the U.S. Department of Energy definition with a HERS index of 130.

^RESNET has developed the HERS index to indicate the comparative efficiencies of homes. It is no guarantee that energy efficiencies will be achieved.

**What's a HERS® index?** HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.^^  
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
