ABOUT THE OURAY

A covered front porch welcomes you to the two-story Ouray plan. The main floor offers an inviting great room, a charming sunroom, a large study and a bedroom with an attached bath. A convenient butler’s pantry connects the formal dining room to the gourmet kitchen. This home boasts a thoughtfully designed primary suite showcasing two private bathrooms and dual walk-in closets, as well as four additional upstairs bedrooms. Other highlights include a versatile loft and a covered patio. This home may also be built with a finished basement featuring a rec room, a bedroom and a full bath. You’ll love the professionally curated finishes!
