ABOUT THE BEDFORD

There's space to gather and space to unwind in the Bedford floor plan. An open layout connects the gourmet kitchen, large great room, and sunroom, while an immense covered patio extends the living space outdoors. A pocket office offers a convenient spot for work, homework, or daily tasks, and the upstairs loft provides a flexible secondary gathering area. Tucked away for added privacy, the primary suite serves as a relaxing retreat with a spa-inspired deluxe bath, double sinks, and an immense walk-in closet. Designed for both everyday living and special occasions, this plan makes it easy to feel right at home.

What's a HERS® index? *HERS stands for Home Energy Rating System, a system created by RESNET® to measure home energy efficiency.*^
A projected HERS index or rating is a computer simulation performed prior to construction by a third-party HERS rater using RESNET-accredited rating software, rated feature and specification data derived from home plans, features and specifications, and other data selected or assumed by the rater. The projected HERS index is approximate and is subject to change without notice. Actual results will vary.
